

BOILER'S PARTS & ACCESSORIES

F.D. FANS

Salient Features :

High Efficiency / High Pressure,
Noiseless Working, Low Power
Consumption, Longer Life

I.D. FANS & INDUSTRIAL BLOWERS

Salient Features :

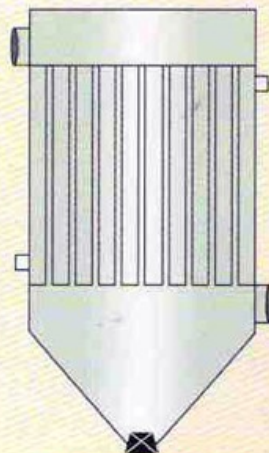

High Efficiency / High Pressure,
Noiseless Working, Low Power
Consumption, Longer Life

TREMA CYCLONE

Salient Features :

Balance Velocity, Effective
Pollution Control, Low Power
Consumption, Easy Operation
& Maintenance

AIR PRE-HEATER (APH)

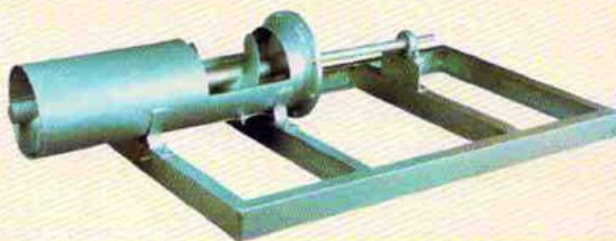

HEAT RECOVERY UNIT (HRU)

AUTO ELECTRIC CONTROL PANEL

Salient Features :

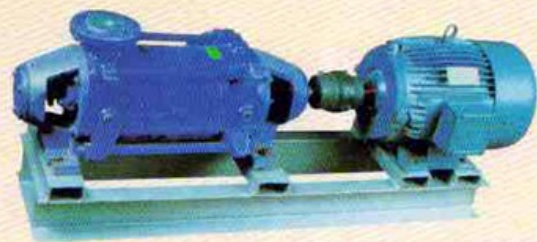

Electrically operated, fully automatic with
auto water & steam controller.

AUTOMATIC COAL/HUSK SCREW FEEDER

Salient Features :

Sufficient gap to adjust big fuel particles, variation adjustment
for low and high feeding, proper fuel spreading in bed with
variable feed control.

MULTISTAGE HIGH PRESSURE PUMP

MECO Multistage High Pressure Pump are designed & constructed
to serve Industries performing trouble free and long lasting.

Salient Features :

1. Boiler Water Feeding, 2. Condensate
Feeding upto 85°C Temp at Pressure 45 Kg/cm², 3. Water Work,
4. Sprinklers Installation, 5. Hydraulic Packs, 6. Irrigation in
Hilly Areas
